THE PROBLEM & SOLUTION

Your music deserves better than phone clips.

Promoters, festivals, and record labels judge your band before they hear a single note. If your only content is shaky phone videos, you're leaving opportunities on the table.

📸

Professional Photography

High-res live shots with professional lighting, edited and ready for social media, press releases, and EPK.

🎬

Video & Reels

Cinematic short-form content optimised for Instagram Reels, TikTok, and YouTube Shorts, with music sync.

⚡

Fast Delivery

Edited photos delivered within 48 hours. Videos within 72 hours. Strike while the show is still fresh.

📁

Press-Ready Files

High-resolution exports formatted for press kits, festival applications, and media submissions.
